

Unity shared responsibility

KANGAR: The responsibility to nurture and strengthen national unity does not rest solely on the shoulders of the Government but should be borne by all quarters, said National Unity Minister Datuk Halimah Mohamed Sadique.

She said unity was a shared responsibility, and therefore the Ministry had formulated the National Unity Policy and the National Unity Blueprint 2021-2030.

“To support the implementation of this policy and blueprint, several action plans have been prepared including the Rukun Tetangga Leadership Empowerment Plan 2021-2030 which was launched on Feb 28, last year,” she said.
